

# Insights<sup>®</sup> Discovery<sup>®</sup> Accreditation

**Would it be helpful to have people in-house who can deliver the Insights message and incorporate this into your people development programmes?**

**Imagine if you had a common language and starting point for developing all your employees.**

The Insights Discovery Accreditation qualifies participants to use the Insights Discovery learning system and Insights Discovery Personal Profile as part of their in-house learning and development solutions. The four-day Accreditation looks in depth at the Insights Discovery system, the Jungian psychology that underpins it and how to apply this in a practical way to meet specific learning objectives.

The Accreditation teaches practitioners how to deliver Discovery material in a participative and compelling style, as well as gaining an in-depth understanding of the Discovery Personal Profile and how it is interpreted.

At the end of the programme, participants will be confident and competent in their skills and knowledge to deliver Discovery interventions within their organisations and to precipitate behavioural change as a result.

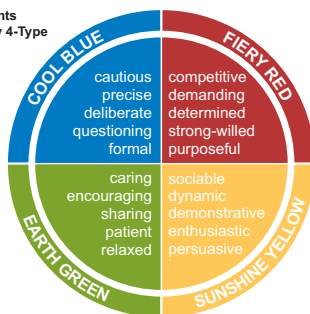

Accreditations are run regularly in easily-accessible and comfortable locations. Alternatively, if several individuals from the same organisation wish to become Accredited, the programme can be adapted for specific customer needs and run in-house.

## Agenda

### Day One - Experience the Magic of Insights Discovery

Participate in an Insights Discovery workshop, either for the first time, or to refresh your experience. Be inspired by the magic!

The Insights Discovery 4-Type Wheel

### Day Two - Understanding the Insights Discovery learning system

This day will give you the background to the Insights Discovery system and a full understanding of the construction of the Insights Discovery wheel and graphics.

### Day Three - Facilitating with the Insights Discovery learning system

You will learn how to apply the learning in a workshop environment. We will give you the skills to develop your participants' understanding of themselves, others, and how to begin the journey of adapting and connecting to improve the relationships in their lives.

### Day Four - Practical Applications of the Insights Discovery learning system

We explore how to apply the Insights Discovery system in differing situations, with different objectives and outcomes.

## Accreditation Objectives

As a participant on this Accreditation, you will:

- Gain confidence to present, facilitate and coach using the Discovery material

## What Our Clients Say:

"After being initially resistant to the idea of the Insights programme, my CFO recently told me it was the best money he had EVER invested personally or professionally and insisted that he hand-deliver the cheque. Our leadership team reaps the benefits of the investment every day in more efficient meetings, improved collaboration, smoother running projects, better client relations, improved sales effectiveness, and most importantly, a healthier bottom line."
